

Dear Friends of Musical Theatre:

Thank you for supporting the Musical Theatre program at Our Lady Of Malibu School. OLM Musical Theatre Company is completely self-sustaining with a scholarship program that makes it possible for every student to participate. We do this to build confident, self-assured young people who will take the skills they have learned here as an Actor and use it as a foundation for success and a better quality of life. It's hard.....and it's fun.

I saw my first Musical when I was eighteen. A birthday gift from my friend Mary Ann Scott and her family. We drove four hours from the San Joaquin Valley to Los Angeles to see "The Music Man." I fell in love with the American Musical Theatre and that fire still burns deep in my heart. It is an incredible American art form that I wanted to share with everyone and I have been fortunate to do that with American Musicals, Inc. by developing self-sustaining after school programs for schools since 1972.

What you will see here tonight is a cast of young people grades K-8 taking on the challenge of putting on a show and we hope you find it entertaining and engaging. I have a lot of help and support and for that I thank you and the children thank you.

Fondly,

Beverly Craveiro
